KEEPING IT CLEAN & GREEN

We are committed to use environmentally safe chemicals in our cleaning services.

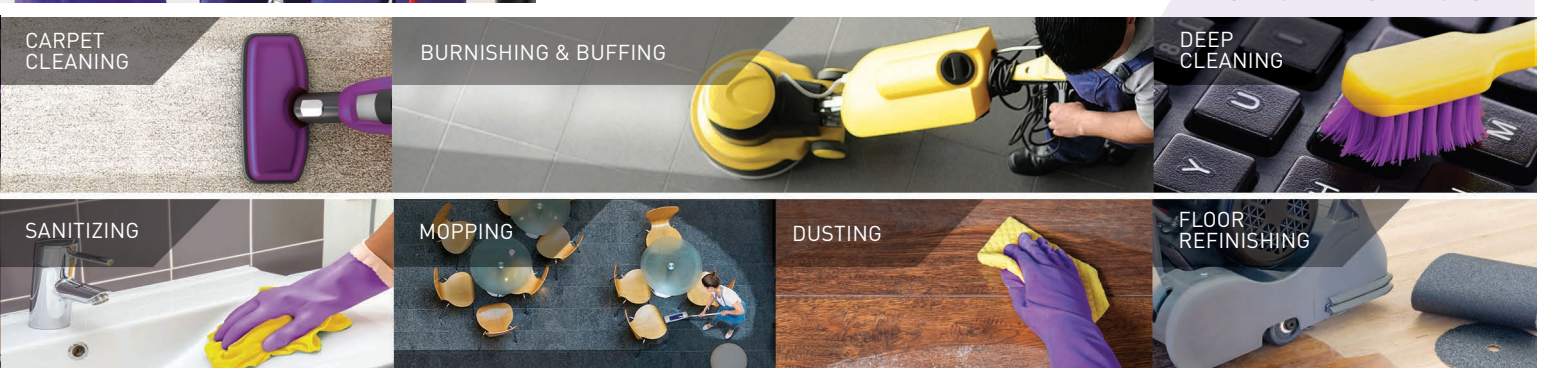

WINNING 1,000 TO 1

Odds are in your favor, too.

CB Tech handled the window cleaning services for Limited Brands, with its 4,300 locations. Our network provided control and cost containment with the help of our proprietary management software SMART™. Before we arrived, there were no universal standards for vendors, many uninsured – exposing liabilities, contract delays and disputes. CB Tech solved all these issues including **pairing down over 1,000 invoices to one!** It led to the prestigious **2008 Diverse Supplier of the Year Award**.
